Dear Sir,

I am sending you, here attached, a copy of the official transcript of record of my case. As I had informed you on previous occasions about my situation, - I take now the courage to disturb you again.

The transcript of record shows exactly the juridical problem of my "case". However, I still consider the whole "case" as baseless: I am not a "pre-judicial alien".

There were two points (two charges), which constitute the base of the accusation:

- 1.) a charge issued by the Communist People's Court of Budapest, - that during the late World War I headed Hungary's "anti-Russian propaganda",
- 2.) and that I helped escape Hungarian manufacturers (sic) to Austria, in the first months of 1945 and with that acting I endangered not only the Soviet-Hungarian, but also the Allied "warfare".

This two points served, as base, to the Immigrations Authorities to denounce me as "an undesirable alien" (Page 16th in the record). However, the USA-policy changed completely after the time of my hearing, - the accusations and my detention are still in fact, nevertheless the open communist interests in the charges, brought up against me.

Senator Pat McCarran has all the dates of my case, and I sent the same also to your office in 1948 and in this year.

I am detained already 22 months on Ellis Island, - and however, before coming in the USA, I fought in Europe on the side of your services. - I can't obtain still now a review of my case, or the dropping of my "case". This is the reason, why I am now forced to take my case before the Court of Appeal and continue to fight. The solution of all the problem would be so easy. - if the Immigration would admit, that everything against me was organized by the ~~same~~ Communists and that the Immigration was misled by them. This is the fact: all my accusers here were Communists, and the papers of the same People's Court, which later convicted Cardinal Mindszenty, were and are still now the only "evidence" against me. I know, that now - after this 22 months of detention - the Immigration will hardly admit his mistake, - but that would be the only real justice.

Two American senators, all the Catholic and Protestant priest of Hungarian ~~descent~~ descent in the USA asked the Commissioner to close my case and release me, - but there isn't any change toward me.

I beg You, Dear Sir, to look in my files at Senator McCarran's office and do something for me. I (merit) a little help from the Americans, - as I did never anything against the USA - and as a Hungarian patriot, surely I was and I am an anticommunist.

Please, believe in the sincerity of my best sentiments, with what I remain

faithfully Yours
